North Port Health Center closes for move on Friday, Nov. 13

In preparation for a major renovation and expansion, the Community Health Center of North Port, will be closed on Friday, Nov. 13. The clinic will reopen directly across the street on Monday, Nov. 16 in their temporary new location at the North Port Family Service Center, 6919 Outreach Way. The telephone numbers will remain the same.

Health officials expect the \$1.9 million renovation and expansion project to take about four to six months. Twenty-two percent of the total construction costs are being financed with federal funding. The balance is being funded by state and county sources. The plan is to expand the existing 6,800 square foot facility to 14,145 square feet so more North Port residents can receive primary care, prenatal care, immunizations and dental services. The clinic services are geared for low to moderate income residents who qualify based on income.

For more information, call the Community Health Center of North Port's main number at 941-548-0100 or visit www.sarasotahealth.org.
